

TITLE 752. UNIVERSITY HOSPITALS AUTHORITY
CHAPTER 11. ACQUISITIONS AND CONSTRUCTION

SUBCHAPTER 1. GENERAL PROVISIONS

752:11-1-1. Purpose

The purpose of this Chapter is to establish the policies and procedures for acquisitions and construction for the Authority.

752:11-1-2. Definitions

The following words or terms shall have the following meaning unless the context clearly indicates otherwise:

"Acquisition" means all types of purchases and rentals, whether bought or leased by contract or otherwise, and includes every means by which the Authority obtains for its use any materials, supplies, service, or equipment.

"Alternate bid" or "Alternate" means, for purposes of a construction contract, an amount stated in the bid to be added to or deducted from the amount of the base bid if the corresponding change in the work, as described in the bidding documents, is accepted.

"Architect" means a person legally qualified to practice the profession of architecture as defined in the State Architectural Act, 59 O.S. § 46.

"Architectural Design & Construction Team" or "ADC" means a team assembled within the Authority that may include an Architect, Project Manager, Superintendent, and/or other applicable member.

"Authority Having Jurisdiction" or "AHJ" means the University of Oklahoma employee who works on behalf of the Oklahoma State Fire Marshall, performing all building inspections and code review based on Oklahoma State Fire Marshall guidelines.

"Award" means when the Authority, the Chief Executive Officer, or other person authorized to make the acquisition, agrees on a suitable vendor for a bid and the successful vendor is notified.

"Base bid" means the sum stated in the bid for which the bidder offers to perform the work described in the bidding documents as the base. Work may be added or deleted for sums stated in the alternate bids.

"Best Value" means an optional contract award system which can evaluate and rank submitted competitive performance proposals to identify the proposal with the greatest value to the Authority, which may not be the lowest bidder.

"Bid" means a cost proposal submitted by a vendor in response to a request or solicitation for bids from the Authority.

"Bidder" means an individual or business entity that submits a bid or proposal in response to an invitation to bid or a request for proposal. Bidder is synonymous with a "supplier" or "vendor" responding to a solicitation.

"Certified Procurement Officer" or "CPO") means the Procurement Officer who has been OMES-certified.

"Chief Executive Officer" or "CEO" means the highest-ranking administrator of the Authority.

"Chief Financial Officer" or "CFO" means the Chief Financial Officer or comparable position who reports to the CEO on matters concerning the budget of the Authority.

"Chief Facilities Management Officer" or "CFMO" means the Chief Facilities Management Officer or comparable position who reports to the CEO and manages the day-to-day operations and maintenance of the Authority's facilities.

"Claim" means a demand or assertion by a contractor seeking, as a matter of right, adjustment or interpretation of contract terms, payment of money, extension of time, or other relief with respect to the terms of the contract. The term "Claim" also includes other disputes and matters in question between the owner and contractor arising out of or relating to the contract.

"Code" means the minimum and applicable building code or codes provided by this rule.

"Construction" means the process of planning, acquiring, designing, building, equipping, altering, repairing, improving, maintaining, disposing, or demolishing any structure or appurtenance thereto including facilities, utilities, or other improvements to any real property.

"Construction Management" (CM) means the project delivery method based on an agreement whereby the Authority acquires from a construction entity a series of services that can include, but are not necessarily limited to: design review, scheduling, cost control, value engineering, constructability evaluation, preparation and coordination of bid packages, and construction administration.

"Construction Management/At-Risk" means the project delivery method whereby the construction entity takes on the financial obligation to carry out construction under a specified cost agreement.

"Construction Manager" means a person who acts as an agent of the Authority for a construction project; who coordinates and manages the construction process; who is a member of the ADC; and who utilizes skills and knowledge of general contracting to assist in the development of schedules, preparation of project construction estimates, study of labor conditions; and who provides advice concerning construction, safety, and other issues related to the project that may surface. Issues may include, but are not limited to, monitoring progress, payments, changes and other factors affecting cost, or as may otherwise be specified in the solicitation issued by the state agency.

"Consultant" means an individual or legal entity possessing the qualifications to provide licensed architectural, registered engineering, or registered land surveying services or possessing specialized credentials and qualifications as may be needed to plan or design for any construction or public work improvement project.

"Contract" means the solicitation, vendor's response, negotiation document, and/or purchase order verifying an award and encumbering funds.

"Delivery System" means the approach used to develop and construct a project.

"Design-Bid-Build" means the delivery method used on construction projects whereby a licensed design professional retained based on qualifications, shall develop the project design in its entirety. the Authority shall then solicit bids and award the contract to the general contractor who demonstrates that they can complete construction, as specified in the design, and that they are the lowest responsible bidder.

"Emergency Condition" means an event or need that was not reasonably foreseeable but that is serious, unexpected, and potentially dangerous, and for which action must be taken before a bid can be prepared or put into action.

"Engineer" means a person legally qualified to practice the profession of engineering as defined in Chapter 10, Engineering and Land Surveying, of Title 59 of the Oklahoma Statutes.

"Evaluation Criteria" means that written criteria necessary to evaluate a supplier's or bidder's response to a solicitation which may include specialized experience, technical competence, capacity to perform, past performance, and other appropriate factors, as and where appropriate.

"Facility" means any building or improvement to real property.

"Fixed fee" means the type of fee which is expressed as a firm, fixed amount, for the services specified in the scope of work.

"FTE" means a full-time equivalent personnel position.

"Guaranteed Maximum Price" or "GMP" means the sum of the estimated cost of the work as defined in the contract and includes all of the contractor's fees and agreed upon contingencies.

"Internet" means the international computer network of both federal and nonfederal interoperable packet-switched data networks, including the graphical subnetwork called the World Wide Web.

"Interview committee" means a group of individuals designated by the CEO, CFO, CFMO, or other designee of the CEO to interview consultants for the purpose of selecting a consultant for a planned project. This group should include licensed architects or engineers, if available and when appropriate.

"Invitation to Bid" or "ITB" means a type of solicitation in which the Authority or its designee requests suppliers to submit a bid for an acquisition, i.e. suppliers are invited to bid.

"Minimal value" or "no value" means surplus property that has less value than the costs that the Authority may incur to sell, trade, or dispose of the property.

"Non-Collusion Certification" means a certification submitted by a supplier with any competitive bid or contract executed by the Authority for goods or services in accordance with 74 O.S. § 85.22.

"Notice to Proceed" means the formal written notice, by letter, informing the Construction Manager that the Guaranteed Maximum Price (GMP) is approved and the construction management services advance to the next phase.

"OMES" means the Office of Management and Enterprise Services.

"Online bidding" means an electronic procurement process in which the Authority receives bids from vendors for goods, services, construction, or information services over the Internet in a real-time, competitive bidding event.

"OSFM" means the Oklahoma State Fire Marshal.

"Past Performance Rating" means a numerical rating on a 1-10 scale mathematically derived from customer satisfaction surveys completed by past clients.

"Percentage fee" means a fee to be paid which is based upon a negotiated percentage of a resultant construction contract. For the consultant contract purposes, the construction contract amount is estimated.

"Pre-Design Services" means a formal planning process to establish function, scope, and cost of a future project.

"Procurement Officer" or "PO" means the individual with the authority to make purchases for goods and services on behalf of the Authority, such as the Human Resources and Business Systems Director or comparable position, with such authority and all necessary accompanying documentation clearly marked in the individual's file.

"Program" means the detailed description of the work and the scope of design services.

"Project" means the scope of services for which competitive proposals are requested from interested construction services vendors.

"Project Capability" means the ability of a vendor to perform the requested services based on understanding of the requirement and mastery of necessary technical requirements while demonstrating a lack of technical risk as evidenced by measurement or accomplishment.

"Project or Improvement" means the collective act of design and construction of a new building, facility, or improvement, or the renovation of an existing building, facility, or improvement; or the acquisition of a building or facility for the purpose of renovation and occupancy.

"Request for Proposals" or "RFP" means a type of solicitation in which the Authority requests submission of proposals from suppliers.

"Request for Quotation" or "RFQ" means a simplified written or oral quote that the Authority or its designee requests from suppliers.

"Risk Assessment" means identification of risks that the vendor does not control and the vendor's plan to minimize the risk.

"Screening committee" means a group of individuals designated by the CEO, CFO, CFMO, or other designee of the CEO which reviews the files of interested consultants for the purpose of selecting a short list of consultants to be interviewed. The group should include licensed architects or engineers, if available and when appropriate.

"Selection criteria" means a listing of the considerations and requirements used to evaluate each prospective consultant.

"Short list" means a listing of consultants chosen during the screening process for detailed interview. When possible, this list shall contain at least three (3) consultants for a single project. If the process is selecting for more than one consultant contract, there should be two (2) consultants on the short list for every planned project.

"Solicitation" means the formal or informal manner in which the Authority determines the price of an acquisition from various vendors.

"Supplier" means "bidder" as defined in this section.

"Value-added" means adjustment to the project requirement and/or benefit offered to the owner that may be proposed by a vendor, stated in terms of impact to the project in return for a deviation in price, schedule or quality.

"Vendor" means "bidder" as defined in this section.

752:11-1-3. General provisions

(a) Goods and services shall be acquired by one of the following methods:

- (1) Acquisition of products and/or services through organized buying groups such as OMES state-wide contracts.
- (2) Direct purchase order for products and/or services to the vendor within the authorized dollar amounts and other limitations contained in Subchapter 2 of this Chapter.
- (3) Formal or informal competitive solicitation of products and services.
- (4) Sole Source acquisitions according to the procedure set forth in Subchapter 2 of this Chapter.
- (5) Donation

(b) Goods and services shall meet the specifications required, and awards shall be based on lowest and best or Best Value criteria. Determinations shall be documented as specified in this Chapter.

(c) Professional service contracts for personal services rendered by the following professionals are exempt from competitive bidding. [74 O.S. § 85.7 and 18 O.S. § 803]:

- (1) Physician, surgeon or doctor of medicine;
- (2) Osteopathic physician or surgeon;
- (3) Chiropracist-podiatrist;
- (4) Optometrist;
- (5) Architect;
- (6) Attorney;
- (7) Dentist;
- (8) Public Accountant;
- (9) Psychologist;

- (10) Physical Therapist;
- (11) Registered Nurse;
- (12) Professional Engineer;
- (13) Land Surveyor;
- (14) Occupational Therapist;
- (15) Speech pathologist;
- (16) Audiologist;
- (17) Registered Pharmacist;
- (18) Licensed Perfusionist;
- (19) Licensed Professional Counselor;
- (20) Licensed Marital and Family Therapist;
- (21) Dietitian;
- (22) Social Worker;
- (23) Licensed Alcohol and Drug Counselor; and
- (24) Licensed Behavioral Practitioner.

(b) This list will be automatically amended to include new professional services as amended by the Legislature.

752:11-1-4. Ethics

(a) Employees of the Authority shall be subject to rules promulgated by the Oklahoma Ethics Commission concerning gifts from suppliers.

(b) Unless otherwise provided by law, the Authority shall not enter into a sole source or professional services contract or a contract for the services of any person who has terminated employment with or who has been terminated by the Authority for one (1) year after the termination date of the employee from the Authority. [74 O.S. § 85.42]

752:11-1-5. Online bidding [74 O.S. § 85.45r]

The Authority has determined that electronic or online bidding is often more advantageous than other procurement methods and thus may use online bidding to obtain bids for the purchase of goods, services, construction, and information services, where and as necessary. The Authority does not provide online bidding for bids and proposals that must be let competitively.

SUBCHAPTER 3. PURCHASING

752:11-3-1. Supplier selection and standard requirements

(a) **Vendor registration.** Any vendor wishing to do business with the Authority should register on the vendor bidder list maintained by OMES. The Authority may send solicitations or make acquisitions from vendors who are not on the vendor bidder list.

(b) **State use.** The Authority shall make acquisitions from suppliers on the State Use Committee procurement schedule regardless of the purchase price. [74 O.S. § 85.12(C); 74 O.S. § 3007]

(c) **Statewide contracts.** The Authority may make acquisitions from statewide contracts. 74 O.S. § 85.12(C)]

(d) **Agreements and cooperative ventures.** The Authority may make acquisitions through agreements and cooperative ventures with other health care providers entered into pursuant to 62 O.S. § 3210(A)(1), the purposes of which are to share services or to provide a benefit to the hospitals.

(e) **Split purchasing.** Acquisitions shall not be made nor orders split for the purpose of evading competitive bidding requirements. [74 O.S. § 85.7(A)(2)]

(f) **Non-Collusion Certification.** A Non-Collusion Certification shall be included with any competitive bids and/or contract submitted to the Authority for goods or services. The Certification shall have an authorized signature of the supplier certifying the non-collusion statement with full knowledge and acceptance of all its provisions. [74 O.S. § 85.22]

(g) **Taxes.**

(1) Prior to the award of a contract, the Authority shall verify that the supplier has obtained a current sales tax permit in accordance with the laws of Oklahoma. A copy of a current sales tax permit or confirmation of the permit's status from the Oklahoma Tax Commission must be included in the acquisition file.

(2) The Authority acquisitions are exempt from sales tax and federal excise tax.

(3) Purchases made by suppliers on behalf of the Authority are not exempt from sales or federal taxes.

(h) **Travel expenses.** The price a bidder submits in response to a solicitation shall include travel expenses for the bidder to perform the contract. the Authority shall not pay travel expenses not specified by the successful solicitation response. [74 O.S. § 85.40]

(i) **Bonds.** The Authority may require bidders to submit a bid bond, performance bond, or other type of approved surety with the bid. The bond, where required, will be retained until successful completion of the purpose for which the bond was drawn. An irrevocable letter of credit may be submitted in lieu of any bond specified.

(j) **Insurance.** A successful bidder shall provide proof of all insurance as and where needed and as required by the solicitation prior to contract award (e.g. workers compensation, general liability, etc.).

(k) **Verification of registration with the Secretary of State.** Prior to the award of a contract, the Authority will verify that the supplier is registered with the Secretary of State and franchise tax payment status pursuant to 68 O.S. §§ 1203-04.

752:11-3-2. Acquisitions

(a) Only the CEO, CFO, PO, or State Purchasing Director may issue a purchase order for direct acquisitions. Requests for purchase orders shall describe why the acquisition is needed.

(b) All maintenance/construction related requests shall be reviewed and approved by the CFMO or comparable position before submittal to the CEO, CFO, or PO.

(1) **Acquisitions not exceeding \$5,000 or other limit as permitted for CPOs.** Acquisitions of \$5,000 or less, unless the CPO is permitted to make acquisitions of another higher limit, will be made on the open market using a fair and reasonable acquisition process and is conducted pursuant to this Subchapter.

(2) **Acquisitions between \$5,000 or other limit as permitted for CPOs and \$50,000.** Acquisitions between \$5,000 or Other Limit as Permitted for CPOs and \$50,000 require formal or informal competitive solicitation. Where possible, the Authority may solicit suppliers from the Supplier List maintained by OMES, with selection of suppliers rotated whenever there are more suppliers on the list than the necessary number of solicitations. For bids between \$5,000 or Other Limit as Permitted for CPOs and \$25,000, the Authority will solicit or otherwise obtain a minimum of three solicitations when possible. For bids between \$25,000 and \$50,000, the Authority will solicit or otherwise obtain a minimum of five solicitations when possible. If the requisite number of solicitations cannot be made, the

CEO shall be informed of the reason why with such information documented in the acquisition file.

(3) **Acquisition above \$50,000.** Acquisitions above \$50,000 require a formal sealed competitive bidding process as outlined in this Subchapter.

752:11-3-3. Formal or informal competitive solicitations (\$5,000 - \$50,000)

(a) The Authority shall solicit or otherwise obtain prices and delivery dates by mail, telephone, facsimile, or by electronic commerce and shall prepare written evaluation criteria to be considered in selection of the supplier.

(b) The Authority shall provide the specifications, terms, and conditions for the acquisition to each supplier selected for notification.

(c) All awards shall be based on lowest and best or Best Value criteria (74 O.S. § 85.7(B)). Documentation of prices, delivery dates, and the evaluation shall be placed in the acquisition file.

(d) Based on the complexity of the solicitation, the Authority may require a formal competitive solicitation, up to and including sealed solicitation.

752:11-3-4. Competitive sealed solicitations (\$50,000+)

(a) **Solicitations generally.** Competitive sealed solicitations for acquisitions shall be issued by invitation to bid, request for proposal, or request for quotation. The solicitation shall include, at a minimum:

(1) any information regarding limitations on contact between suppliers and the Authority personnel during the solicitation process;

(2) whether the evaluation method will be lowest and best or Best Value;

(3) specifications or a statement of work;

(4) the closing date and time for acceptance of bids;

(5) the location of bid opening;

(6) general terms and conditions offered by the State Purchasing Director.

(b) **Solicitation Amendment.** If the Authority amends a solicitation, it shall notify each supplier sent the original solicitation of the amendment. In the event of an amendment, the supplier must acknowledge receipt of the amendment (1) in the supplier's bid or quotation for submission prior to the closing date and time, or (2) in an acknowledgment of receipt of the amendment sent prior to closing date and time if the supplier has already submitted a bid.

(c) **Preparation.** The bidder shall complete and submit all required forms as specified by the solicitation. Any form requiring a bidder's signature shall have an authorized signature, such signature indicating that the supplier has read and understood the information contained within the solicitation. The solicitation shall specify whether the Authority may award the contract (1) to more than one bidder and/or (2) to more than one bidder by item.

(d) **Evaluation.** Evaluation criteria contained in the solicitation shall be used as a scoring tool in considering submitted bids. Any evaluation scoring tool used shall be consistent with the evaluation criteria contained in the solicitation. Evaluation of the bids shall be documented and filed in the acquisition file. Criteria consistent with lowest and best or best value methodology, consistent with the methodology identified in the solicitation, shall be developed prior to receipt of proposals and consistently applied.

752:11-3-5. Bid submission

(a) **Bid locations.** Bidders shall submit bids to the location the solicitation specifies.

(b) **Electronic bids.** Bids submitted in response to a formal or informal competitive solicitation pursuant to this Subchapter may be submitted electronically. Electronic submission of bids, when allowed, must be submitted in such manner that the time and date of submission are electronically linked to the bid and cannot be changed.

(c) **Sealed bids.** bids submitted in response to competitive sealed solicitations pursuant to this Subchapter, the Authority will clearly mark the receipt date and time on the outside of all bid envelopes or containers. Late bids shall not be considered responsive and shall not be evaluated. Late bids will be returned unopened in a timely manner if the bidder requests the return of the unopened bid.

(d) **Alternate bids.** Unless the solicitation prohibits, a bidder may submit alternate bids, but an alternate bid cannot materially deviate from the original solicitation specifications. Alternate bids must also be complete bids and shall be clearly marked to identify them as an alternate bid.

(e) **All or some.** If permitted to bid on less than all of a contract pursuant to the solicitation, the bidder may indicate on the bid whether it is for all or some, specifying what portions or items the supplier is willing to fulfill.

(f) **Delivery dates.** If the solicitation does not specify a delivery date for goods or services, the bidder shall specify a delivery date in the bid.

(f) **Clarification.** The Authority may solicit clarification from a bidder regarding the bid, but such clarification shall not allow a bidder the opportunity to alter or supplement bid pricing.

752:11-3-6. Bid changes and withdrawal

(a) A bidder wishing to change a bid submitted to the Authority shall withdraw the submitted bid and submit another bid before the closing date and time.

(b) bidder desiring to withdraw a bid entirely shall submit to the Authority a written withdrawal request created on the bidder's company letterhead, signed by the bidder's authorized representative. The withdrawal request must specify the method for returning or disposing of the bid.

752:11-3-7. Non-responsive bids

The Authority shall document in the acquisition file if a bid is non-responsive and should be rejected on that basis. A bid may be rejected for reasons including, but not limited, to the following:

- (1) Late bids received after the closing date and time;
- (2) Failure to meet the terms and conditions of the solicitation;
- (3) Missing forms or other required information;
- (4) Incomplete forms;
- (5) Illegible forms or forms not submitted in the proper format;
- (6) Alterations appearing without initials of the person making the alteration;
- (7) Use of an unauthorized signature when an authorized signature is required;
- (8) Absence of a notary seal when and if a form calls for same;
- (9) Missing bid bond or other surety;
- (10) Items and/or services offered are not suitable for the intended use;
- (11) Bid pricing does not meet the requirements of a solicitation or is determined by the evaluation committee to be excessive; and
- (12) Failure to acknowledge a solicitation amendment.

752:11-3-8. Contract negotiation and award

(a) Documents submitted by a bidder in response to a solicitation are public records and will be available for review upon request, unless otherwise deemed proprietary or confidential, but only after

a supplier is selected and the contract is awarded. If the bidder submits information in a response to a solicitation that the bidder considers proprietary or confidential, the bidder shall:

- (1) submit such information separately;
- (2) specifically identify what information is proprietary or confidential upon each page containing proprietary or confidential information;
- (3) enumerate the specific reasons based on applicable law which support treatment of the material as exempt from disclosure; and
- (4) conspicuously mark on the bid or bid package that it contains proprietary or confidential information.

(b) The Authority will review the information and may or may not designate a bidder's information as proprietary or confidential. If the Authority does not agree that the information is proprietary or confidential, then the Authority will return and not evaluate that information. the Authority may or may not reject all requests to disclose proprietary or confidential information designated as such. [74 O.S. § 85.10; 51 O.S. § 24A]

(c) The Authority shall make a contract award following bid opening and upon review of the following:

- (1) Bid evaluation and documentation of same;
- (2) Determination of lowest and best or Best Value bidder;
- (3) Verification of the requirements, where applicable, identified at 752:11-2-1.

(d) An evaluation tie will be decided by a coin toss, the procedure for which will be determined by the CEO.

(e) The Authority may negotiate a contract with one or more suppliers.

(f) The Authority shall notify the successful bidder within five (5) business days of the contract award.

(g) The Authority may elect not to award a contract based on a determination that:

- (1) No bid meets the requirements of the solicitation;
- (2) All bids exceed fair market value for the acquisition;
- (3) The bid price exceeds available funds;
- (4) The Authority no longer requires the acquisition either in whole or in the form or manner specified in the solicitation; or
- (5) Not awarding the contract is in the Authority's best interests.

752:11-3-9. Contract Management

(a) **Contract performance.** A supplier shall deliver acquisitions within time periods specified in the contract. The Authority shall inspect acquisitions within a reasonable time following supplier delivery. Nevertheless, the Authority may reject acquisitions from the supplier that do not meet specifications or other terms or conditions of the contract regardless of the timing of an inspection, and the supplier shall pay costs to retrieve and replace acquisitions that do not meet specifications with a conforming item or service. Title to goods and services does not pass to the Authority until it has received, inspected, and accepted the goods and services. The Authority will place in the acquisition file the date of delivery, the name and address of the supplier, a description of the goods received, and the signature of the receiving agency employee.

(b) **Change orders.** Contracts awarded through formal or informal competitive solicitations pursuant to this Subchapter cannot exceed \$50,000 with cumulative change orders without advertising for bids on that part of the contract which is in excess of \$50,000. Contracts awarded through competitive sealed solicitation pursuant to this Subchapter may be increased by an amount that does not exceed 10 percent of the total acquisition purchase price. In determining the 10 percent dollar

amount, the cumulative value of all change orders shall be compared to the original total acquisition price. [See 74 O.S. § 85.7(A)(2)(b)]

(c) **Advance payment.** The Authority shall not pay for acquisitions a supplier has yet to deliver.

752:11-3-10. Acquisitions by facilities management and housekeeping contractor

(a) The Authority may contract with vendors to provide facilities management and/or housekeeping services. Contracts for these services shall be competitively bid.

(b) Terms of the contracts shall detail purchasing authority and responsibilities of the vendor. All acquisitions requiring Authority reimbursement per terms of the contract must be preapproved by the CFMO or comparable position. At a minimum, the vendor shall be required to follow 752:11-2-2, with the vendor permitted to make acquisitions not exceeding \$5,000 on the open market. The Authority shall manage the acquisition process of any maintenance/construction project over \$50,000, and shall follow the competitive bidding rules as identified at 752:11-2-4.

752:11-3-11. Professional service contracts

(a) A standard format for all agreements will be on file and changes will be coordinated with the PO. All professional service contracts must be forwarded to the PO for retention after approval by the CEO. The PO shall retain a central file that will contain:

- (1) Official copy of the contract or purchase order
- (2) Amendments
- (3) Compliance audits or reviews
- (4) Historical vendor performance
- (5) The requisition
- (6) Other related documents

(b) The Authority shall administer, monitor, and audit the professional services contract.

(c) The Authority may not enter into a professional service contract with a person who has separated employment from the Authority within one (1) year of the termination date of the individual's employment. [74 O.S. § 85.42(A)]

(d) If the final product of the contract is a written proposal, report, or study, the Authority shall maintain such written documentation in the acquisition file. [See 74 O.S. § 85.41(C)]

(e) Professional service contracts shall include:

- (1) An audit clause which provides that all items of the supplier that relate to the services are subject to examination by the Authority, the State Auditor and Inspector, and the State Purchasing Director [74 O.S. § 85.41(E)];
- (2) A statement certifying that no person who was involved in the development of the contract while employed by the Authority shall be employed to fulfill any of the services provided for under said contract [74 O.S. § 85.42(B)]; and
- (3) A statement certifying that the supplier has not previously provided another state entity with a final written proposal, report, or study that is a substantial duplication of that which is prepared for the Authority.

752:11-3-12. Sole source contracts

The Authority need not seek competitive bids and may enter into a single or sole source contract for goods and services when Authority personnel seeking the acquisition completes an affidavit prepared on a form approved by the PO which gives all the reasons why the specifications merit

restriction of the goods or services to one person or business. The affidavit will then be reviewed by the PO and approved and signed by the CEO with such affidavit retained in the acquisition file. [See 74 O.S. § 85.45j(A)(2)] Falsely executed sole source contracts shall be grounds for discipline up to and including termination.

752:11-3-13. Emergency acquisitions

In the event of an Emergency Condition, the Authority may make an acquisition without following this Subchapter. In that event, the Authority will select a supplier or a group of suppliers to notify by telephone, facsimile, or by electronic means. The Authority will nevertheless obtain necessary documentation as identified at 752:11-2-1. All emergency acquisitions will be reviewed by the CEO and CFO and will be signed by the CEO.

752:11-3-14. Credit/Debit card

(a) The PO is the only employee authorized to use a credit or debit card to make purchases on behalf of the Authority. The card shall not be loaned to another person. The PO shall immediately return said credit or debit card to the CFO upon separation of employment.

(b) The PO shall ensure that the card is kept in a secure manner and that the account number on the card is not posted or left in a conspicuous place.

(c) A receipt shall be obtained for all purchases regardless of order method. The receipt shall give an itemized and detailed description of the purchase and must include at a minimum:

- (1) name and location of supplier;
- (2) date of purchase;
- (3) description of product purchased;
- (4) unit price and quantity purchased; and
- (5) transaction total.

(d) Individual transactions shall not exceed \$2000 unless preapproved by the CFO. Monthly statements shall be submitted to and reviewed by the CFO and CEO.

SUBCHAPTER 5. DESIGN CONSULTANTS

752:11-5-1. Registration of Design Consultants

All Design Consultants desiring to perform services for the Authority must be registered with OMES. Any consultant not registered with OMES at the time the Authority announces a project may register with OMES and submit a letter of interest to the Authority.

752:11-5-2. Selection procedure

(a) The Authority shall develop a description of the project which shall include:

- (1) A narrative description of the work being planned.
- (2) The estimated cost and time schedule of the project.
- (3) The source of the funding i.e., appropriated state money, federal funding or other source of funding. Any funds designated for the project which has specific limitation of use, including deadlines for expenditure, shall be clearly defined and explained in the project description.
- (4) Any other pertinent data which would assist a consultant in determining his interest

in the project.

(b) The Authority shall send a solicitation letter to each consultant on the list of registered consultants maintained by OMES. The solicitation letter will include the description identified at (a) of this Section and shall notify the consultants of the last day their letters may be received to be considered as a vendor for the project.

(c) The Authority will request a copy of the information on file for each consultant that indicated interest in being considered for the announced project(s).

(d) The CFMO in conjunction with the ADC shall, where possible, select the three (3) best qualified consultants based upon the data in the files supplied by OMES and other information that may be supplied by the consultants. If the selection is for more than one consultant contract, at least two (2) consultants for each project should be included in the short list.

752:11-5-3. Scheduling and performing interviews

(a) The CFMO and the ADC will convene an interview committee to interview each consultant based on evaluation criteria developed by the CFMO in consultation with the ADC, including for example the following criteria:

(1) How will the consultant staff the proposed project?

(2) What is the consultant's proposed management plan?

(3) What is his previous experience for this project?

(4) Where is he located? How will he reduce travel costs if he is not close to the proposed project?

(5) What are his plans for project control?

(6) What examples of similar projects has he completed within the last five years?

(7) Has a judgment been paid by the consultant on his behalf for liability caused by professional errors and/or omissions in the past five years?

(8) Can the consultant demonstrate financial stability?

(9) Is the consultant properly insured?

(10) Does the consultant labor under any conflicts of interest as addressed at 752:11-1-4?

(11) Any other additional factors?

(b) Within thirty days of the scheduled interviews, each consultant should be notified by letter informing him that he has been selected for an interview. The letter should contain:

(1) Date, time, and place of interview. Interviews should be scheduled individually for each consultant.

(2) Period of time permitted for the interview. Indicate how much time the consultant shall be permitted for his presentation and how much time shall be reserved for questions by the committee.

(3) A copy of the interview criteria.

(4) The number of the interview committee members.

(c) Consultants will be selected on the basis of qualifications only, and not on the basis of cost. Oklahoma statutes prohibit the release to a third party any information on fees. Any consultant who discloses his fee, or any indication thereof, prior to Negotiation of Contract, 752:11-3-4, shall be removed from consideration.

(d) The interviews are conducted privately with each consultant out of the hearing of other consultants.

(e) At the conclusion of all interviews, the interview committee will rate each, documenting its rationale, and select a consultant. All criteria and procedures used by the committee shall be documented for the record.

752:11-5-4. Negotiation of contract

- (a) Following the interview committee's work, the CFMO or designee will contact the selected consultant and negotiate a contract. This is the first time that a discussion regarding the negotiation of fees may take place.
- (b) The CFMO will request a letter from the selected consultant detailing the cost proposal with a breakdown of costs.
- (c) The consultant shall develop his fee proposal and return it to the CFMO. Fee proposals shall be based on the consultant's cost to produce the work along with projected expenses and a fair profit not to exceed 15 percent.
- (d) The fee will be expressed as a firm fixed price fee according to an agreed scope of work, or may be based on a time and expense basis with a "not-to-exceed" cap. After a fee has been determined, the consultant will be asked to modify the proposal to reflect the agreed upon scope of work and fee, which modified proposal shall then become part of the contract.

752:11-5-5. Award of contract

Contracts may be standard or non-standard depending on the project. Services may include all or any of the following depending on the size and type of project.

- (1) Program planning, which may include the following:
 - (A) Space plan.
 - (B) Written and/or graphic program document as specified.
 - (C) Circulation allowances.
 - (D) Cost estimate.
- (2) Schematic design, which may include the following:
 - (A) The line drawing and graphic representation of the floor plan, perspective drawings, and site orientation of the project.
 - (B) Energy and feasibility presentation of utility access, recommended materials, parking, traffic flow, site access, and space and volume estimates of cost.
 - (C) Cost estimate.
- (3) Design development. A set of drawings may be required to be produced which specifies the project's specified parameters, resulting in:
 - (A) The site plan for parking, street and pedestrian access.
 - (B) Overall dimensions.
 - (C) Rooms and traffic circulation within the buildings.
 - (D) Types of materials.
 - (E) Building elevations.
 - (F) Building sections.
 - (G) Recommended structural systems.
 - (H) Recommended mechanical systems and equipment based upon life cycle studies.
 - (I) Cost estimate.
- (4) Construction phase services. The consultant may be required to perform specific construction phase services which include:
 - (A) Review and approval of shop drawings.
 - (B) Review and approval of pay requests.
- (5) All standard contracts shall include a reference to construction monitoring which is periodic visits at intervals appropriate to the stage of the contractor's operations, by the

consultant to the construction site to determine that the contractor is following the intent of the construction contract.

(6) Changes to the consultant's base contract may be approved by the CFMO as long as the scope of the change is generally included within the project description developed at 752:11-3-2(a) for which the consultant selection process was conducted. Changes must reference the correct contract and include the scope of the change, the fee for the change, and the source of the funding for the change. Changes to the consultant's base contract shall not result in fees that would exceed the caps set by 752:11-3-4(c)-(d).

752:11-5-6. Professional services contracts

As indicated at 752:11-1-3(d), engineers, architects, and land surveyors shall be based upon their professional expertise and qualifications with their fees being negotiated after selection, and shall not be required to bid their contracts.

SUBCHAPTER 7. CONSTRUCTION

752:11-7-1. Bid solicitations

(a) **Construction projects over \$50,000.** Construction projects over \$50,000 will be advertised in a newspaper of general circulation for two consecutive weekly issues of said newspaper with the first publication at least twenty (20) days prior to the day set for bid opening. Notice must also be provided to one in-state trade or construction publication, with publication of that information left to the discretion of that publication. No work shall be commenced until a written contract is executed and all required bonds and insurances have been provided by the contractor. [61 O.S. § 104]

(b) **Construction projects under \$50,000.** Construction projects under \$50,000 will not usually be advertised. The Authority shall develop a written, clearly defined scope of work with detailed requirements for the project. The Authority will then solicit bids by directly contacting three (3) or more contractors.

(c) **Minor maintenance or repair.** The Authority may award small projects below \$5,000 to any qualified vendor. A written contract and proof of insurance is required prior to issuing the vendor a notice to proceed.

(d) **Emergency projects.** When the CEO determines that an emergency situation exists, a contract may be awarded without competitively bidding it to correct the emergency condition.

752:11-7-2. Bid documents

(a) **Solicitation notice.** The solicitation notice will contain:

(1) Sufficient information concerning the proposed public construction contract to allow a contractor to determine if he may be interested in bidding the project.

(2) The location where a complete set of bidding documents may be obtained.

(3) The date and time for the MANDATORY site visit, if applicable. As most specifications shall indicate, contractors shall be responsible for visiting the site of a project prior to bidding. Failure to do so shall not excuse a contractor from any requirement of the specifications. Occasionally, a MANDATORY site visit shall be held which shall require the attendance of a contractor at a specific time and place prior to bidding.

(4) The location and time for the pre-bid conference if applicable. Some projects may have a MANDATORY pre-bid conference which means that bidders MUST attend to have their bid accepted.

(5) The date, time and place of the opening of bids.

- (6) The name and address to whom competitive, sealed bids must be submitted.
- (7) If applicable, any pre-qualification requirements pursuant to 61 O.S. § 118.
- (8) Other information deemed of benefit to the public or prospective bidders.

(a) **Bid forms.** Bidders must use the information found in the specifications and drawings to prepare their bids. Verbal information from any other source cannot be used. All supplemental information, when required, shall be in the form of a written addendum provided by the ADC to all bidders of record.

752:11-7-3. Bid submittal

(a) **Bid preparation.** Bids must be prepared in accordance with any instructions provided in the solicitation.

(b) **Competitively-bid projects.** Competitive bids cannot be submitted by telephone, email, or fax machine. Competitive bids may be delivered in person, by the U.S. Mail, or by any of the express/delivery services available during regular business hours, 8:00 AM to 5:00 PM weekdays, and shall be received during a period which does not exceed 96 hours (excluding weekends or holidays) before the scheduled bid opening at the time and day specified in the bid documents. Each envelope shall contain only one bid. Bids received after the time specified in the bid documents cannot be accepted. The following information must be placed on the outside of each sealed bid envelope:

- (1) Company name and address.
- (2) Description of project.
- (3) Project number and trade, i.e. 10 HVAC.
- (4) Closing date and time.

(c) **Non-competitively bid projects.** For projects under \$50,000, written bids shall be received as indicated in the solicitation, which may permit the submission of bids electronically. Before a construction contract shall be awarded, the following must be assembled:

- (1) A properly signed requisition form.
- (2) Three (3) or more original written bids, when possible, including any declined bids, signed by the bidders.
- (3) Scope of work with detailed requirements.
- (4) Acceptance letter to award the contract.

752:11-7-4. Modifications/withdrawal of bids

Bids may be modified or withdrawn up to the time set for bid opening. Modification notices or withdrawal instructions may be sent by registered mail or delivered in person. Appropriate identification reflecting the authority of the bearer to modify or withdraw a bid must be presented. A bid to be withdrawn shall not be opened and shall be returned upon request of the bidder at the conclusion of the bid opening.

752:11-7-5. Bid openings

The bids are opened by the CFMO or his designee at the date and time specified in the announcement in the following manner and recorded by an assistant. Bid openings are open to the public and to all bidders.

- (1) The bidder's name is announced.
- (2) The bid is checked for completeness and correctness. Any of the following deficiencies may be grounds for disqualifying the bid:
 - (A) The bid must be signed.
 - (B) The Non-Collusion Certification must be present, signed, and properly

notarized.

(C) If the total bid exceeds \$50,000, a certified check, cashier's check, bid bond or bid letter of credit for 5 percent of the base bid price and the price of all alternate bids must be present.

(D) All equipment lists, selected materials, or other information when required by the specifications must be present.

752:11-7-6. Bid review and evaluation

(a) At the conclusion of the bid opening, bids will be reviewed and tabulated, and their contents verified. The following items are reviewed:

(1) Insurance carriers, bonding companies, and surety companies used to issue bonds and insurance must be registered to do business in Oklahoma and prequalified as good and sufficient by OMES.

(A) Verification of bid contents.

(B) When there is a variance between the amount in words and the figures, the amount in words shall govern.

(C) Bids containing omissions, alterations, additions, or conditions not called for, or containing a clause in which the bidder reserves the right to accept or reject a contract, shall be disqualified.

(D) The ADC may reject a bid as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work; and, if there is reasonable doubt that the bid will result in the lowest overall cost to the Authority even though it may be the low evaluated bid; or, if it is so unbalanced as to be tantamount to allowing an advance payment.

(E) Failure to submit unit prices for any requested work item shall cause the bid to be disqualified.

(b) Before a contract may be awarded to a bidder, the bidder's ability to perform the required work is considered. The Authority may require bidders to pre-qualify pursuant to 61 O.S. § 118 to determine the responsibility of bidders.

752:11-7-7. Contract award

(a) **Award criteria.** Bids are awarded on a lowest and best or Best Value criteria basis as indicated on the solicitation notice. If an award is made to other than the lowest bidder, the Authority shall prepare a statement setting forth the reason for its action and place that statement on file, open to public inspection. [61 O.S. § 117] The Authority will provide a copy of the contract to the successful bidder who shall be given a specific period of time, as outlined in project specifications, but not to exceed sixty days, [61 O.S. § 113(A)], in which to execute the contract and obtain the necessary bonds and insurance.

(b) **Bonds.** Projects over \$50,000 require three bonds. [61 O.S. § 113(B)] All bonds required by Title 61 of the Oklahoma Statutes shall be provided by insurance carriers, bonding companies, or surety companies that are prequalified by OMES as good and sufficient in accordance with criteria established by OMES. [61 O.S. § 134]

(1) **Performance bond.** A bond with good and sufficient security valued at not less than the total value of the proposed contract which shall ensure the proper and prompt completion of the work in accordance with the contract and shall ensure that the contractor

shall pay all indebtedness incurred by the contractor and his subcontractors and all suppliers for such labor, material, and repair of and parts for equipment as are used and consumed in the performance of the contract.

(2) **Defect bond.** A good and sufficient bond in an amount equal to the total value of the contract to protect the Authority against defective workmanship and materials for a period of one (1) year after acceptance of the project.

(3) **Payment bond.** A good and sufficient bond in an amount equal to the total value of the contract to protect the Authority against claims or liens from subcontractors or suppliers for services or materials used in the project.

(4) **Letters of credit.** Irrevocable letters of credit may be substituted for the bonds listed, but each letter must be for the total value of the contract. Alternatively, a single irrevocable letter of credit may be substituted for the bonds listed.

(c) **No timely bid.** If no timely bid is received after bid notices have been published on any proposed public construction contract which does not exceed \$50,000, the Authority may negotiate the contract with a prospective contractor. The contract will be executed within six months after the date initially set for opening bids, and the work to be performed shall be as specified in the initial bidding documents. [61 O.S. § 119.1]

(d) **Insurance.** Public liability and workers' compensation insurance in reasonable amounts shall be required for all projects, regardless of project size. the Authority may require the contractor to name the Authority and its architects or engineers, or both, as an additional insured under the public liability insurance, which requirement, if made, shall be specified in the bid documents. [61 O.S. § 113(B)(4)]

(1) Proof of workers' compensation insurance shall be required for all projects exceeding \$50,000. The minimum level of coverage shall be the statutory requirement specified by Oklahoma law.

(2) For projects less than \$50,000, a sworn affidavit certifying an exemption to the requirement of workers' compensation insurance coverage may be accepted in lieu of proof of workers' compensation insurance.

(3) Additional forms of insurance or increases in the insurance amounts may be required. Any additions or increases shall be contained in the bid documents.

752:11-7-8. Pre-construction conference

Shortly after award of a contract, the Authority may, at its discretion, schedule a pre-construction conference. This meeting may include, when applicable, the Design Consultant, general contractor, a representative of the ADC and/or the CFMO, and other interested parties. The CFMO or his representative shall chair the meeting. The purpose of the meeting shall be to discuss the requirements and responsibilities of the various parties involved with the objective of expeditious handling of the construction contract.

752:11-7-9. Construction conference

(a) A construction conference may be called periodically by, when applicable, the CFMO or his designee or the Design Consultant to discuss:

(1) Project progress as it relates to schedule.

(2) Payment requests and their status.

(3) Change order requests and their status.

(4) Special problems and remedial action required.

(5) Results of previous remedial action.

(6) Other subjects as required.

(b) The meeting shall be chaired by the CFMO or his designee or the Design Consultant. Minutes of the meeting shall be kept, typed, and distributed to all applicable parties within five (5) working days.

752:11-7-10. Construction requirements; reviews and permits

(a) The Authority facilities shall be constructed, renovated, or improved in such a manner as to provide reasonable safety from fire, smoke, panic, and related hazards and to ensure a high level of health, comfort, and well-being for all occupants.

(b) Building construction, renovation, and improvement will require formal code review and a building permit.

(c) Plans and specifications for the Authority projects shall be reviewed and approved by the AHJ, who shall issue a permit upon approval.

(d) No project shall be awarded until such prescribed reviews are concluded and a building permit is issued.

752:11-7-11. Adopted codes

The Authority construction projects shall comply with all applicable codes adopted by the Oklahoma State Fire Marshal, current at the time the project is initiated; codes adopted by the Construction and Properties Department, OMES, as identified at OAC 260:65-5-4 and OAC 260:65-5-5; and any other additional codes as required, including but not limited to, for example, the Americans with Disabilities Act and related standards.

752:11-7-12. Payment requests

(a) Partial payments for work completed and materials stored on site may be submitted once each month. A detailed procedure to be followed is shown below:

(1) The contractor shall be required to complete a detailed breakdown of costs, arranged according to sections of the specifications, and submit it to the CFMO or his designee for approval. This breakdown shall be used throughout the job and cannot be changed without approval from the CFMO or his designee or Design Consultant.

(2) The contractor should meet with the CFMO or his designee and/or Design Consultant when the rough draft of the pay request is prepared to agree on percentages of work completed and finalize the final form. The contractor should furnish the CFMO or his designee and/or Design Consultant with one (1) electronic copy of the pay request and all supporting documents.

(3) An itemized listing of materials stored on site at the end of the period covered in the pay request shall be prepared on the contractor's letterhead. Copies of paid invoices are to be attached. The date on the listing must agree with the date on the pay request. The materials must be stored at the site and cannot be removed after the payment has been made. The detailed description of stored materials should show quantities and sizes of materials. The usual terms of reference such as tons of steel and types of windows shall be acceptable.

(4) If the contractor deems it necessary, and the CFMO or his designee and/or Design Consultant recommend, the contractor may store material off-site. To do so, there must be a written agreement between the Authority and the contractor which provides:

(A) proof of applicable insurance;

(B) a written guarantee of delivery to the job site;

(C) photos; and

(D) written title to all materials covered by the request for payment, which shall pass to the Authority.

(E) For particularly large projects, the Authority may require an on-site inspection of facilities by the CM or Design Consultant to verify the authenticity of quantities of stored materials.

(b) The Certificate of Contract Completion, Consent of Surety, Lien Release, and the Contractor's Warranties must be submitted with the final request for payment.

752:11-7-13. Change orders

(a) When it has been determined that a change is needed in the work and prior to the issuance of any change order, the CFMO or his designee and/or Design Consultant shall issue a Proposal Request to the contractor. The Proposal Request shall be completed by the contractor and shall fully describe the scope of work explaining completely what each item entails and the cost, credit, and time extension involved. The contractor shall provide a detailed breakdown of cost, showing quantities and sizes of materials; unit cost, labor, equipment, profit and overhead; and other expense items. The CFMO, in consultation with the ADC, will consider the completed Proposal Request and issue a Change Order if authorized.

(b) When the Proposal Request(s) are approved by all parties, the contractor shall prepare a Change Order. All information required on the form shall be included. The completed Change Order will be signed by the CFMO and/or Design Consultant.

(c) When the change is less than \$10,000, and the work involved can be costed by using a negotiated unit or lump sum price, the Proposal Request as discussed in (a) of this Section is not required.

(d) Awarded projects that have not been competitively bid cannot exceed \$50,000 with cumulative change orders without advertising for bids on that part of the contract which is in excess of \$50,000. Cumulative change orders for awarded projects that have been competitively bid cannot exceed 10 percent of the original project bid amount. In determining the 10 percent dollar amount, the cumulative value of all change orders shall be compared to the original total contract price.

752:11-7-14. Time extensions

The contract documents shall contain the basis upon which time extensions may be granted. Substantiating data must be submitted with the requests for extensions. Such time extensions, if justified, shall be granted by Change Order only. It is important that written notices of delay be submitted to the CFMO or his designee and/or Design Consultant within twenty (20) days of the delay. Time extensions for changes in the work must be included on the Change Order form authorizing such change.

752:11-7-15. Substantial completion inspection

(a) This inspection is to be requested by the contractor after he has determined that the project is substantially complete. Substantial completion is defined as the construction is sufficiently completed in accordance with the plans and specifications, as modified by any authorized changes, so that the owner can occupy the building and/or use the facility for its intended use.

(b) After receipt of a list of items to be completed or corrected from the contractor, the inspection is to be scheduled by the CFMO or his designee and/or Design Consultant who shall send out written notification inviting the ADC and other interested persons to attend. After the inspection, the Certificate of Substantial Completion Form with punch list shall be prepared by the CFMO or his designee and/or Design Consultant. A time limit to complete the punch list of deficiencies shall be

determined by the Contractor and approved by the CFMO or his designee and/or Design Consultant. Two (2) copies of the form shall be provided to the Authority for signature.

752:11-7-16. Final inspection

This inspection shall occur upon completion of construction and when requested by the contractor after he determines the project is finally complete and all punch list items have been completed. The CFMO or his designee and/or Design Consultant shall send out formal notification inviting the ADC and other interested parties to attend.

752:11-7-17. Contract completion

A Certificate of Contract Completion shall be prepared by the CFMO or his designee and/or Design Consultant. The contractor shall complete the Contractor's Affidavit on all required copies of the Certificate of Contract Completion and return to the CFMO or his designee and/or Design Consultant. The total of the contract shown on the certificate shall include the sum of all change orders. The contractor shall secure and transmit to the CFMO or his designee and/or Design Consultant a completed and notarized Consent of Surety with the contractor's Certificate of Final Payment. All submittals, operating manuals, brochures, as-built drawings, keys, warranties, and all other requirements of the contract shall have been submitted to the CFMO or his designee and/or Design Consultant with signed receipts from the using agency for the items received by them, before final payment is made.

SUBCHAPTER 9. CONSTRUCTION MANAGEMENT/AT RISK

752:11-9-1. Registration of Construction Managers

All Construction Managers desiring to perform services for the Authority must be registered with OMES. Any Construction Manager not registered with OMES at the time the Authority announces a project may register with OMES and submit a letter of interest to the Authority.

752:11-9-2. Project designation consideration

(a) The CFMO in consultation with the ADC shall consider the following three factors to determine whether a construction project merits consideration for use of the construction management delivery system:

- (1) The project benefits the public. When considering designation, it shall be clearly evident that Construction Management will provide a public benefit, which may include:
 - (A) early completion of work, allowing for beneficial public occupancy;
 - (B) accommodating construction progress with phased funding;
 - (C) enabling the project to be placed under contract prior to losing expiring funding source; or
 - (D) other demonstrated public benefit.
- (2) There is a need for cost control. When project requirements or technical components of a project are not fully defined, or options are available for building systems, the use of Construction Management would provide valuable input to the design process.
- (3) The need exists for specialized or complex construction methods due to the unique nature of the project. Projects shall be considered specialized or complex when they involve sophisticated or complicated technical systems, renovation work, or work that must be completed on a critical time frame, or otherwise when a critical mission may be in jeopardy.

(4) Other factors may include:

(A) **Time constraints on project completion.**

(B) **The Authority's capabilities.** The capabilities of staff and whether staff has the ability and experience to effectively manage a project that utilizes construction management.

(C) **Funding.** The Authority shall demonstrate whether it has adequate funding to pay for services of the construction management firm and construction services.

(D) **Project components.** The construction execution could be enhanced by the services of a Construction Manager.

(b) Upon consideration of the identified factors and based on the recommendation of the CFMO, the CEO may designate the project delivery method as construction management.

752:11-9-3. Selection procedure

(a) **Description of the project.** The Authority shall develop a description of the project which shall include:

(1) A narrative description of the work being planned, including various project components;

(2) The estimated cost and time schedule of the project; and

(3) The source of the funding.

(b) **Request list of Construction Management.** The Authority shall submit a written request to OMES for a list of construction management firms currently registered with the Department.

(c) **Announce project.** The Authority will send a Request for Qualifications (RFQ) to each construction management firm on the list provided by OMES which must include the description of the project and the deadline when letters must be received for consideration.

(d) **Special circumstances.** In special circumstances, the Authority may choose to precede the RFQ with a request for Letters of Interest (LOI) from the registered construction management firms.

(e) **RFQ Contents.** An RFQ must contain, at a minimum, the following elements:

(1) Procedures for submitting statements of qualification and procedures for making awards;

(2) Evaluation factors to be considered by the selection committee;

(3) A statement of work including the description of the project with any other summary information the Authority deems pertinent;

(4) A schedule for planned commencement and completion of the contract;

(5) Budget limits for construction of the project for which services are being sought; and

(6) Requirements for construction management firms to have bonds and insurance.

752:11-9-4. Selection committee

(a) **Members.** Whenever a solicitation is issued requiring Best Value Methodology as described at Subchapter 6 of this Chapter to determine the successful bidder, the CFMO or designee will assemble the ADC to serve as a Selection Committee.

(b) **Selection Monitor.** The CFMO will designate one member of the Selection Committee to serve as a Selection Monitor. The Selection Monitor is a non-voting member and presides over the Selection Committee. Duties of the Selection Monitor may include:

(1) schedule and preside over Committee meetings;

(2) provide instructions to Committee members on the Best Value methodology for evaluation and rating of bid submittals;

(3) tabulation of the evaluation scores;

- (4) review the Committee's rating results for dominant information and/or inconsistencies;
- (5) discuss evaluations with Committee members to seek clarifications, if necessary;
- (6) prioritize the final rating score;
- (7) assist the Committee in determining the highest ranked firms for further consideration in interviews;
- (8) assist the Committee in determining the apparent Best Value firm; and
- (9) assisting with the Clarification Period activities.

(c) **Construction Management interviews.** The Selection Committee shall select a competitive number of the best qualified construction management firms for interviews. When possible, a minimum of three (3) firms constitute a competitive number.

752:11-9-5. Scheduling and performing interviews

- (a) All members of the interview committee shall participate in all interviews of each firm.
- (b) An evaluation criteria list shall be developed to ensure that each firm is evaluated against a clearly established list of criteria made available to the firm at least seven (7) days prior to the interview. All interviews will be conducted identically. Evaluation criteria may include, but is not limited to, the following:
 - (1) Specialized experience and technical competence of the firm regarding the type of services required;
 - (2) Capacity and capability of the firm, including any consultants, to perform the work, including any specialized services, within the stated time limitations of the project;
 - (3) Past record of performance on contracts with government agencies or private industry with respect to control of costs, quality of work, and ability to meet schedules;
 - (4) Proximity to or familiarity with the area in which the project is located;
 - (5) The volume of work previously awarded by the State to the firm; and
 - (6) Any other factors that are relevant to the project as determined by the Authority.
- (c) Questions concerning fees shall not be asked. Oklahoma law prohibits the requesting of any information on fees at this stage of the process. Any firm that discloses its fee, or any indication thereof, shall be removed from consideration. Construction management firms will be selected on the basis of qualifications and not on a financial basis.
- (d) Each firm shall be notified by letter of the selection for interview. The letter shall contain:
 - (1) Date, time, and place of interview. Interviews should be scheduled individually for each firm;
 - (2) An indication of how much time the firm shall be permitted for the presentation and how much time shall be reserved for questions by the committee;
 - (3) A copy of the interview criteria; and
 - (4) Any other information which would help the committee to obtain information needed for them to properly evaluate the firm.
- (e) Interviews must be conducted privately with each firm.
- (f) At the conclusion of all interviews, the committee shall rate each firm so as to recommend to the Authority the relative ranking of each firm. All criteria and procedures used by the committee shall be documented for the record.

752:11-9-6. Fee negotiation and contracts

- (a) Once the highest-ranking construction management firm is selected, the Authority shall request a fee proposal from the firm.

(b) Upon receipt of the written fee proposal, the Authority shall negotiate a contract including fees.

(c) In establishing the construction management fee, the Authority shall take into account the estimated value of the services to be rendered and the scope, complexity, and professional nature of the services.

(d) In the event the Authority is unable to negotiate a satisfactory contract with the selected firm, at a price determined to be fair and reasonable, negotiations with that firm shall be formally terminated. The Authority shall then undertake negotiations with the firm ranked second, beginning with a formal request for a fee proposal from that business. Failing accord with the second firm, the Authority shall formally terminate negotiations with that firm. This process shall continue, with proposals received from and negotiations held with the next ranked firm, until such time as a contract is signed with a qualified firm or the procurement process is terminated and a new request for qualifications is initiated.

(e) In general, pre-construction services are required on all types of construction management contracts. The fee for these services should be negotiated as a lump sum amount and should be based on the scope and duration of services.

(f) For Construction Management/At-Risk, there are essentially two phases of the contract:

(1) Phase One commences following completion of fee negotiations for pre-construction services. Pre-construction services include all activities by the Construction Manager up to the point at which the design is far enough along for the Construction Manager to establish a Guaranteed Maximum Price (GMP). The point in time when the GMP can be established will vary from one type of project to another. Included in the GMP quoted by the Construction Manager are the Construction Manager's fees for administering the construction contract (project fee) and the fee to cover the General Conditions for construction. The project schedule may also dictate the amount of contingency included in the GMP.

(2) Approval of the GMP advances the project from Phase One of construction management services to Phase Two. The Authority will signal a move into Phase Two through issuance of a Notice to Proceed. Once the GMP is established, it will remain in effect through the development of the construction documents by the Construction Manager and, if applicable, the Design Consultant. The Construction Manager will work in conjunction with the Design Consultant, if applicable, to perform value engineering and construction coordination reviews and to develop individual bid packages for issuance to subcontractor trades.

(g) Upon receiving the Notice to Proceed, the Construction Manager/At-Risk will be required to furnish 100 percent performance, payment, and defect bonds, in an amount equal to the GMP or lump sum. Worker's Compensation, All Risk, Property and General Liability insurance shall be required.

(h) Non-approval of the GMP allows the Authority to terminate the services of the Construction Manager or to renegotiate, as required.

(i) When the design is complete and bid documents have been prepared for issuance of work packages to subcontractor trades, the Construction Manager becomes essentially a general contractor for the project, responsible for issuing and awarding individual work packages to subcontractor trades in accordance with Subchapter 3 of this Chapter. Thus, in administering the construction contract, the Construction Manager will adhere to the competitive bidding requirements for advertising and award of various work packages for a project. The estimated value of a work package will be published with the advertisement to bid.

(j) Because the Construction Manager is “at risk” for the total contract amount, the Construction Manager is permitted to self-perform portions of the work, provided that the work is competitively bid as a lump sum (each work package) under the same terms and conditions as the other bidders. The Authority must be notified of the Construction Manager’s intent to bid a work package during each pre-bid meeting held to discuss outgoing bid packages or otherwise in writing to the CFMO.

(k) When individual work packages are bid as a lump sum, the Construction Manager’s contract for that portion of the work converts from a GMP to a lump sum. Once all work packages have been bid, the Construction Manager’s contract becomes all lump sum.

(l) In the event that the GMP is exceeded after all bids are received from subcontractor trades, the Construction Manager and the Authority must determine whether individual work packages need to be revised and then rebid in order to reduce cost. As an alternative, the Authority may allow an adjustment to the GMP in order to allow the Construction Manager to award all work packages.

752:11-9-7. Award of contract

The construction management contract shall be written and included in the project file.

752:11-9-8. Changes to base contract

Changes to the base contract are permitted as long as the scope of the change is generally included within the scope of work developed for which the selection process was conducted. All changes shall be in writing and signed by all parties to the contract.

SUBCHAPTER 11. BEST VALUE METHODOLOGY

752:11-11-1. Best Value vendor selection

The Best Value vendor selection and project delivery process consists of three primary phases:

- (1) **Phase 1.** Vendor selection.
- (2) **Phase 2.** Clarification period, which includes but may not be limited to:
 - (A) agreement on scope;
 - (B) description of services using performance measurements, if applicable; and,
 - (C) creation of contract requiring a Risk Report, Risk Management Plan, and all applicable legal terms and conditions.
- (3) **Phase 3.** Management, which requires:
 - (A) the vendor to manage and control the project system to make reports to the Authority; and
 - (B) the Authority to perform project quality assurance by ensuring the vendor is using a quality control plan and through periodic inspection.

752:11-11-2. Vendor selection

Phase 1 uses a series of filters to identify which bidder provides the most value. For Construction Management/At Risk contracts, for example, Subchapters 752:11-5-1 through 752:11-5-5 reflect Phase I vendor selection and should be read in tandem with this Subchapter. On or before the date stated in the solicitation, vendors submit documentation requested in the solicitation or bid documents information that will be evaluated, rated, and/or weighted, which may include, but is not limited to:

- (1) **Past performance information.** The vendor submits performance information collected from past customers about past projects/services the vendor has completed.

(2) **Project capability.** The vendor submits proof of their ability to perform the requirements of the proposed project/service specified in the solicitation, which includes but is not limited to risk assessment and mitigation, financial stability, proper insurance, the absence of any conflict of interest as such conflicts are addressed at 752:11-1-4, technical capability, documented performance measurements, vendor's ability to provide additional value, and pricing information as required by the solicitation.

(3) **Interviews.** The Selection Monitor will schedule interviews with representatives of selected firms as designated by the Selection Committee. The interview provides a forum for the vendor to discuss the project and answer questions concerning the ability to deliver the project/service.

(4) **Prioritization.** After completion of (1) through (3) of this Section, the Selection Monitor prioritizes bidders from the highest performing to least performing based upon past performance scores and the committee ratings and evaluation of the information provided by each vendor.

(5) **Dominance check.** The Selection Monitor reviews the prioritization and scoring of the bidders to identify the apparent Best Value vendor.

752:11-11-3. Clarification period

(a) The identified apparent Best Value vendor is invited to participate in the Clarification Phase. Only one firm at a time may be invited to participate. The clarification period is not a contract negotiation. This period is the final 'filter,' and the invited firm may still lose the project. Once invited to the clarification period, the vendor is responsible for scheduling and management of the related activities. The objective is to:

- (1) ensure the vendor understands the project scope;
- (2) allow the vendor to clarify how they will deliver the project/service on time;
- (3) identify the accountabilities of other parties; and
- (4) explain how the vendor will mitigate and manage any risk the vendor does not control.

(b) The vendor is responsible for understanding the project requirements and expectations.

(c) To complete the clarification phase, the vendor conducts required meetings, identifies specific requirements and provides relevant documents, which may include but is not limited to, the following:

- (1) Executive Summary;
- (2) A critical milestone schedule that includes the clarification period, the award, project/service delivery, and the project completion, including requirements for information or actions by other parties necessary to meet the schedule;
- (3) Identify all technical concerns the customer may have or issues or risks identified by the customer and provide an explanation of how the Construction Manager will satisfy those concerns;
- (4) Make any additional investigations as warranted;
- (5) Provide a listing of major sub-vendor and suppliers. Ensure that any sub-vendors have a complete understanding of the project and have no technical or non-technical questions or concerns;
- (6) Identify activities where the vendor will experience situations where there may be a lack of information, where un-foreseen conditions may exist, and activities where the vendor has no control over other participants or required activities in the delivery of the service.

- (7) Identify and document in writing any value-added ideas the Authority has accepted or rejected, along with corresponding adjustments to the contract terms;
- (8) A project plan including any final clarification of the proposal and any omitted information and identification of value-added provisions accepted by the Authority;
- (9) Validation that the proposal is accurate and complete prior to submitting the final project scope;
- (10) Develop a Risk Report template to communicate accountabilities and deviations, beginning with the clarification period;
- (11) Develop a Risk Management Plan, which includes any risks the vendor does not control and how the vendor will mitigate or minimize those risks should they occur;
- (12) Identify a performance measurement plan to communicate to the Authority how the vendor is performing during the project duration; and
- (13) Provide assurances to satisfy any remaining project concerns that the Authority may have, including but not limited to adverse publicity; noncompliance with local, state, or federal law; safety and accident prevention or other risks within the control of the vendor that would cause unnecessary time-and-effort transactions by the Authority.

(d) If the bidder determines the proposal contains errors or the proposal is inaccurate, the bidder may withdraw the project proposal, but the bidder shall be prohibited from modifying the proposal cost, duration, or project team, unless there is dominant information justifying such action as determined by the CFMO.

(e) The vendor must schedule a final Clarification Meeting at the end of the clarification period to present a summary of the project items developed. The clarification documents must be concise, organized, and suitable for attachment to a final negotiated contract.

(1) The final clarification meeting is not a question and answer session.

(2) The bidder must not wait for the meeting to ask questions. All coordination and planning with the Authority must be conducted prior to the clarification meeting.

(3) The bidder makes a clarification meeting presentation, which details completion of the project from start to finish and summarizes all coordination/planning completed during the Clarification Phase.

(f) The Clarification Phase is the final selection filter. If at any time during the Clarification Phase, the Authority determines progress being made by the invited bidder is unsatisfactory, the Authority may terminate Clarification Phase activities with the invited bidder. The Authority may then commence a new Clarification Phase with the next highest ranked bidder.

752:11-11-4. Risk minimization and performance

(a) The Risk Minimization and Performance Measurement phase begins upon award of the project contract. Risk includes anything that impacts project cost, quality, or project schedule caused by the vendor, the Authority, unforeseen conditions, or other parties. The Phase consists of, but is not limited to, a Risk Report detailing information provided by the Construction Manager, which may include:

(1) all key contact information;

(2) project milestone schedule;

(3) risk sheet;

(4) modification/deviation tracking;

(5) Risk Management Plan;

(6) any risks the Authority may require the vendor to document that could impact satisfaction; and

- (7) performance measurements.
- (b) The Construction Manager shall submit a Risk Report for the project/service weekly throughout the contract, or as otherwise required by the CFMO.

752:11-11-5. Transparency and Best Value documentation

- (a) To protect the integrity of the selection process and fairness to bidders, the following will remain confidential as stated:
- (1) Identities of individual bidders will not be revealed to voting members of a selection committee during evaluation of key submittals as identified in the solicitation until such time as the highest rated bidders are identified and advanced to the oral interview or award phase.
 - (2) To preserve integrity in the event a re-bid is necessary, contents of the individual bidders' submittals shall not be open to public inspection until such time as the contract award is made.
 - (3) A bidder shall clearly identify any information submitted in a response to a solicitation that the bidder considers confidential or proprietary and shall submit such clearly-identified information in a separate envelope. The CFMO shall review the information and may or may not designate the bidder's information as proprietary or confidential and may or may not reject requests to disclose the information so designated.
- (b) Following the contract execution, all selection process documentation not otherwise protected will be available to the public for inspection.

752:11-11-6. Other requirements for contracts awarded using Best Value methodology

- (a) 752:11-6-2 and 752:11-6-5 may apply to any contract awarded by the Authority using Best Value methodology to select the successful vendor.
- (b) Construction service solicitations and contracts shall comply with the requirements of the Public Competitive Bidding Act of 1974 with respect to performance bonds, payment bonds, defect bonds and change order limits.
- (c) Construction Manager/At-Risk may use Best Value methodology to select subcontractors only in accordance with a plan authorized by the CFMO. Components of the plan must, at a minimum, include the following provisions:
- (1) Bid Notices: method of making uniform public notification to interested subcontractors and suppliers;
 - (2) Availability of bid documents for inspection or acquisition by interested bidders;
 - (3) Bidding and bid submittal requirements, including contents of submittals and the place and time that bids are due.
 - (4) Method of evaluation of bid documents to determine final recommended contract awards.
 - (5) Method of public access to pricing, scoring, and final award information.

SUBCHAPTER 13. SUPPLIER PROTESTS

752:11-13-1. Supplier notification

A supplier may protest a contract award to the CEO of the Authority by submitting written notice to the CEO within ten (10) business days of contract award. The supplier protest notice shall state all facts and reasons for the protest. The CEO shall forthwith notify the supplier awarded the contract

of the protest. Any ex parte contact with the CEO by the supplier protesting the award and the supplier awarded the contract is prohibited while any matter relating to the protest is pending. The CEO may enter an order by letter, staying contract performance upon such terms and conditions as the CEO determines to be proper. Any request for stay of contract performance must be made in writing and filed during the ten (10) business day time period in which an appeal may be commenced. The CEO shall have continuing jurisdiction to modify any such orders made in connection with a stay during the pendency of the appeal as appropriate under the circumstances presented.

752:11-13-2. Review and determination

The CEO shall review the supplier's protest and contract award documents and shall send written notice of the decision to deny or sustain the protest to the supplier within ten (10) business days of receipt of the protest.

752:11-13-3. Supplier appeal of decision to deny protest

If the CEO denies the protest, the supplier protesting the award may appeal a denial of protest by filing, within ten (10) business days of the date of the CEO's notice of denial, a written appeal, setting forth all the relevant facts and reasons for the appeal.

752:11-13-4. Determination

The CEO shall assign the supplier's appeal to an Administrative Law Judge who shall be a licensed attorney retained by the Authority. The Administrative Law Judge shall review the appeal for legal authority and jurisdiction. If legal authority and jurisdictional requirements are met, the Administrative Law Judge shall conduct an administrative hearing and provide proposed findings of fact, conclusions of law, and a proposed order to the CEO. The CEO shall determine a final order and send written notice of the final order sustaining or denying the supplier's appeal to the parties. The cost of actions necessary for the Authority to process a supplier's appeal, together with any other expenses incurred by the Authority due to the appeal, shall be paid by the Authority.

752:11-13-5. Administrative procedure

Administrative hearings shall be conducted in accordance with the following procedures:

- (1) **Prehearing conference.** A prehearing conference shall be scheduled to determine the legal or factual issues which shall be limited to those brought by the supplier in its initial protest.
- (2) **Burden of proof.** The burden of proof shall be upon the protestant, which must prove its case by a preponderance of the evidence. A preponderance of the evidence is that evidence which, in light of the record as a whole, leads the Administrative Law Judge to believe a fact is more probably true than not true.
- (3) **Evidence.** The Administrative Law Judge shall give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent persons in the conduct of their affairs. The Administrative Law Judge shall give effect to the rules of privilege recognized by Oklahoma law for civil proceedings. Parties may conduct cross examination of witnesses required for a full and true disclosure of facts. Notice may be taken of judicially cognizable facts.
- (4) **Representation.** Corporations may be represented by legal counsel in accordance with Oklahoma law. Legal counsel must be licensed or registered pursuant to the Rules Creating and Controlling the Oklahoma Bar Association.

(5) **Proper parties.** In addition to the supplier protesting the contract award, the supplier awarded the contract and the Authority may participate in the bid protest proceedings as proper parties.

(6) **Discovery.** Discovery shall be permitted as determined by the Administrative Law Judge.

(7) **Testimony.** All testimony, either at depositions or at a hearing, shall be under oath or affirmation.

(8) **Official record.** The Authority shall employ a certified court reporter, whose transcription of the hearing and any related matters, together with all pleadings, motions, and other documents submitted or considered during the proceedings shall constitute the official record of the protest.

(9) **Authority of the Administrative Law Judge.** The Administrative Law Judge may:

(A) Establish a scheduling order;

(B) Establish reasonable procedures such as authorizing pleadings to be filed by facsimile or electronic mail;

(C) Rule on all interlocutory motions;

(D) Require briefing of any or all issues;

(E) Conduct hearings;

(F) Rule on the admissibility of all evidence;

(G) Question witnesses;

(H) Make proposed findings of facts, conclusions of law and a proposed order to the Chief Executive Officer; and

(I) Take other lawful actions necessary and proper in the interests of justice.

752:11-13-6. Remedies

The Administrative Law Judge may recommend in a proposed order that the Chief Executive Officer deny the supplier's appeal, that the contract be awarded to the protesting supplier, that the contract award be cancelled and rebid, or for such other relief as the facts and law warrant.

752:11-13-7. Decision to be final

The CEO shall make a final determination as evidenced by a final order. Final orders are not subject to administrative appeal.
